Fly screens for doors

REMIcare Van for the Fiat Ducato CUV

REMIcare Van by REMIS

- Quick and easy to use with a pleated fly screen that moves on guide rails
- Stable and durable design with high-quality aluminium frame and grip rail
- Closes fully and flush to the B-pillar
- A table rail and a rain deflector are also available for the Fiat Ducato: the table rail can be used to easily and conveniently attach the inside table to the kitchen block from the outside with the fly screen door closed. without restricting access to the vehicle. The rain deflector automatically unfolds when the sliding door is opened and protects the interior from rain.

Fly screens and sun shades for windows REMibase II / REMiflair / REMIsun roller blinds

Fly screens and sun shades for windows by REMIS

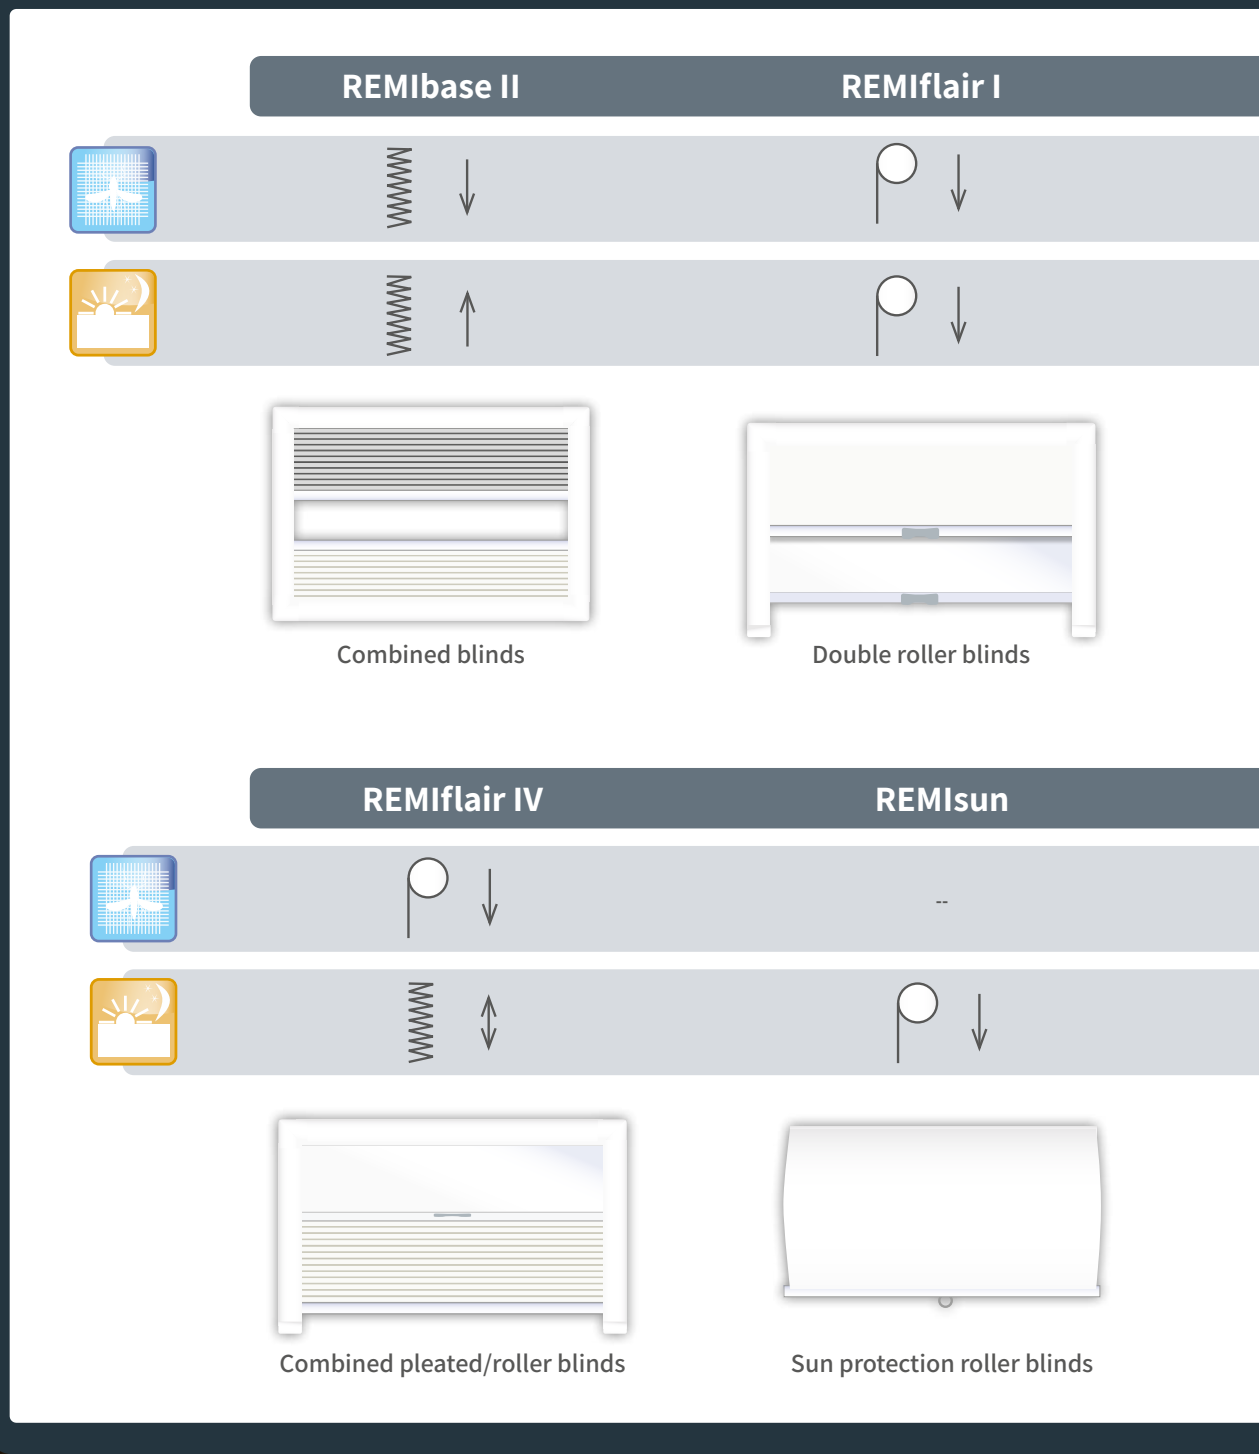

- Simple and quick application for effective protection against insects or for cosy privacy or soothing darkening. Depending on the product, there is also the option of setting a combination.
- Existing roller blinds can be easily replaced with a high-quality REMIS roller blind that fits the window cut-out perfectly and blends in perfectly with the interior.
- The roller blinds are available in many standard sizes and are characterised by high stability, durability and low installation effort.

REMibase II

REMiflair I

Fly screens and sun shades for windows

REMibase II / REMiflair / REMIsun roller blinds

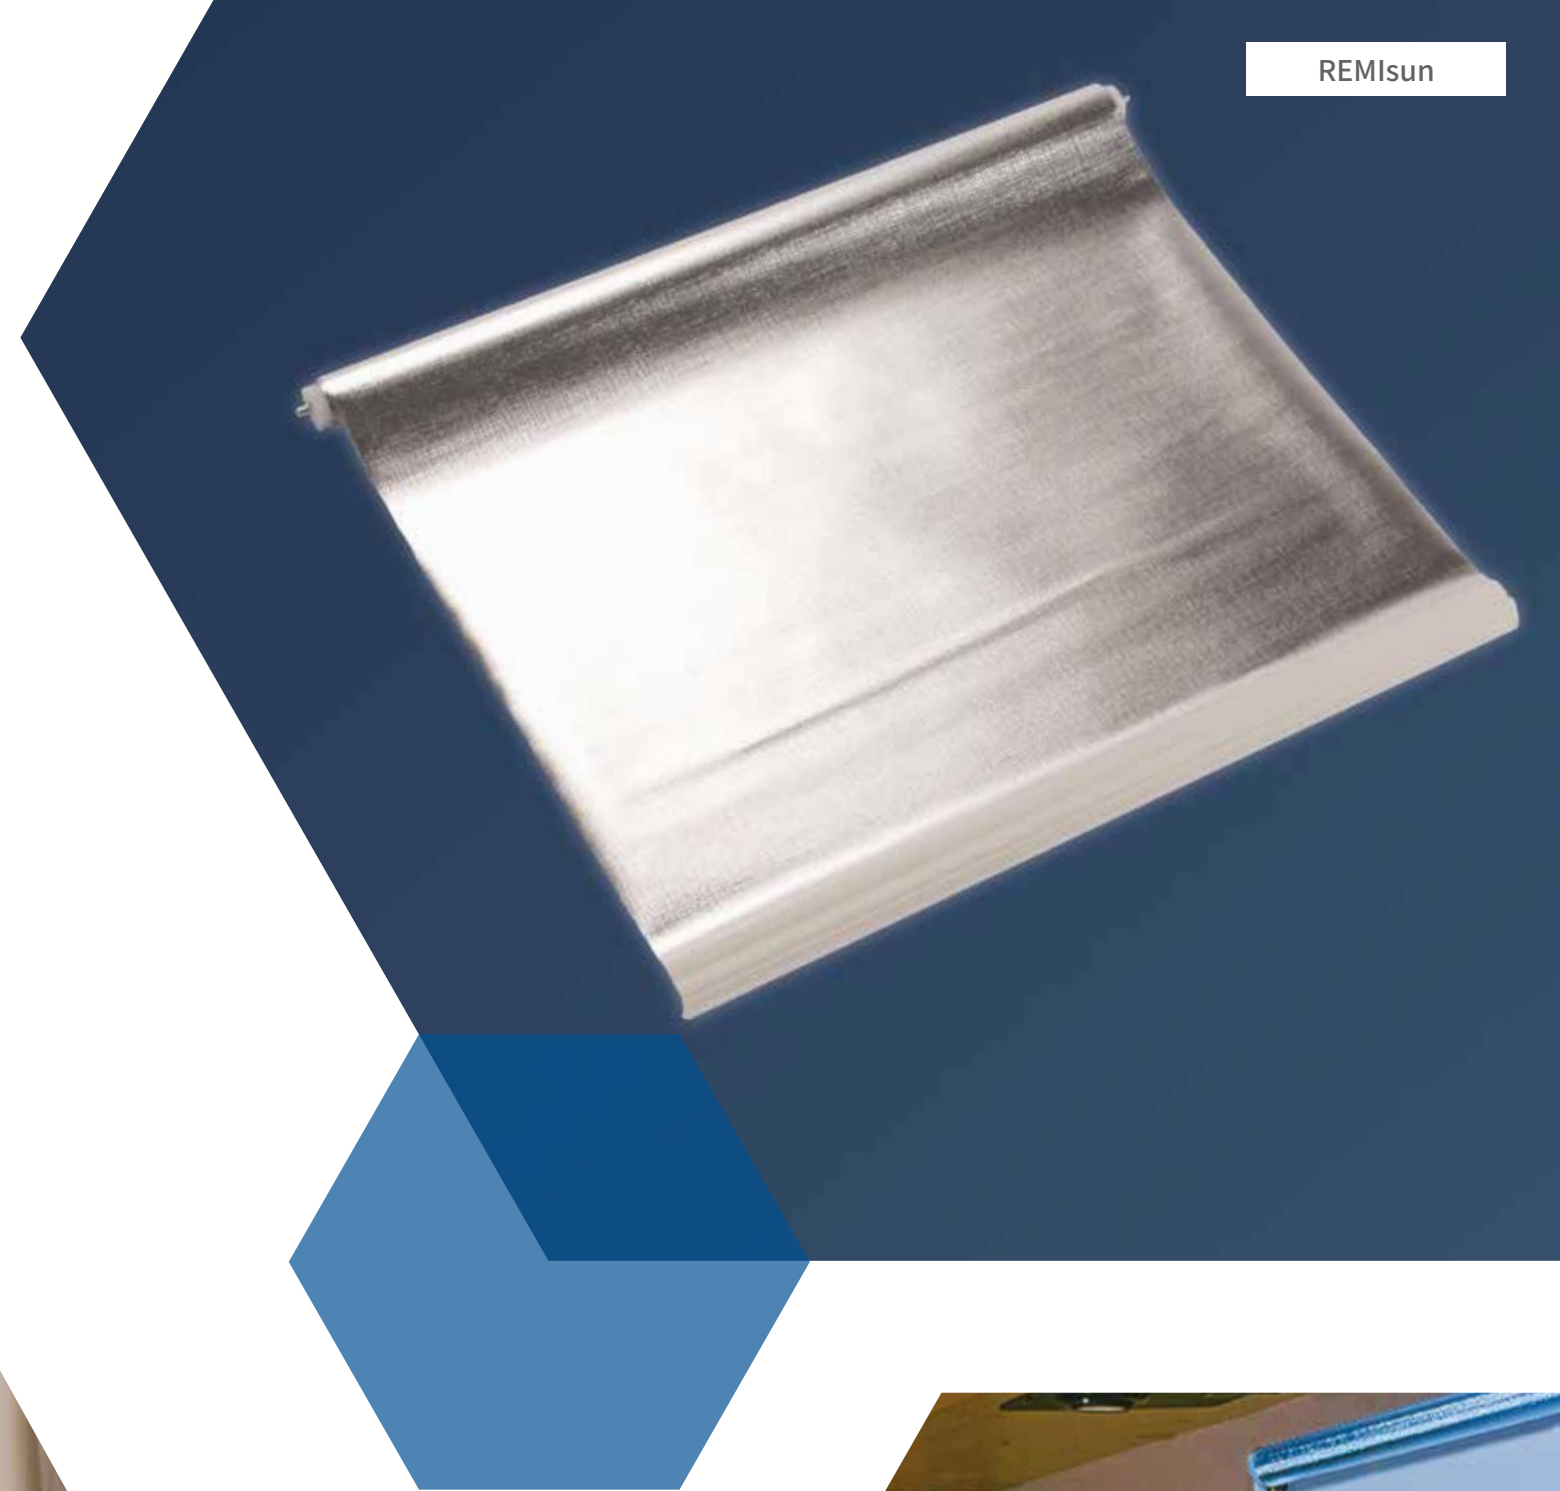

REMIsun

Fly screens and sun shades for windows by REMIS

- **REMIsun** is a cost-effective spring-loaded roller blind that is suitable for all types of window and can be specifically adjusted to all widths. It is available in two colours.
- **REMiflair I** is a practical double roller blind with an aluminium-coated sun shield to provide an excellent blackout effect and effectively reflect the heat and cold.
- The **REMiflair IV** combined roller/pleated blind, with its modern design, shields you from view while the light-coloured fly screen keeps the interior pleasantly bright (fully adjustable).
- The modern, flat **REMibase II** combined blinds with the smart cord guide (no holes needed in the pleated blind) allow the blinds and fly screen to be easily, individually and fully adjusted.

REMiflair IV

REMIsun

Fly screens and sun shades for windows
